

What is MUSIC?

Your doctor is a member of the Michigan Urological Surgery Improvement Collaborative (MUSIC). MUSIC represents most of the urologists from across the state that have come together to improve prostate cancer care for men in Michigan now and in the future.

Improving
prostate cancer
care in Michigan:
now and in the
future

What is MUSIC PRO ?

The MUSIC Patient Reported Outcomes (PRO) project aims to improve health outcomes for men undergoing radical prostatectomy (removal of the prostate) for treatment of prostate cancer. The PRO project involves asking men who have chosen treatment with radical prostatectomy to complete a questionnaire before and after surgery.

Your participation with this questionnaire will allow for a better understanding of your health and function and how this changes after surgery. The goal of MUSIC PRO is to help your doctor understand your symptoms and optimize recovery related to your surgery. This information may also help to improve recovery and outcomes for future prostate cancer patients undergoing prostatectomy.

Your health, Your family, Your legacy

Who participates in MUSIC PRO?

Patients with prostate cancer who are scheduled for a radical prostatectomy surgery will be asked to complete the questionnaires.

How do I participate?

After scheduling your surgery you will receive an email from:

administration@musicurology.com

titled :

“A Message from Dr. Your Surgeon's Name.”

- The email message will look like:

Dear Mr. Doe,

I hope that this letter finds you well. I would like you to complete a brief secure online questionnaire (MUSIC PRO) before your upcoming surgery. During your recovery I will also email you to complete the same survey again. Please be reassured that your answers will remain secure and confidential.

The purpose of the questionnaire is for us to understand how you are functioning. By tracking your progress we can better help plan your care so that you achieve the best recovery possible.

[PLEASE CLICK HERE TO COMPLETE YOUR SURVEY.](#) This link will take you to a website that provides a secure and confidential questionnaire.

- Click on the link provided in the email to complete the questionnaire **prior to your surgery**. Answering all the questions will take approximately 10 minutes.
- Reminder emails will be sent to complete the questionnaire again at 3, 6, 12, and 24 months after your surgery.

Will my doctor see my responses?

Yes, the results of your questionnaire will be provided to your provider who may use your responses to help improve your care and recovery after surgery.

Please be assured your answers will remain secure and confidential between you and your provider. Your information, without personal details (name, date of birth, etc.), will also help to improve the care of other men diagnosed with prostate cancer throughout the state of Michigan.

To patients, By patients, For patients
