ROCKS
Reducing Operative Complications
from Kidney Stones

PRO
Patient Reported
Outcomes

**Improving Care
for Patients with
Kidney Stones**

What is MUSIC?

MUSIC represents urologists, like your doctor, from across the state of Michigan who have come together to improve urologic care for patients now and in the future.

What is MUSIC ROCKS PRO?

The **MUSIC Reducing Operative Complications from Kidney Stones (ROCKS) Patient Reported Outcomes (PRO)** project aims to improve quality of care for kidney stone patients, particularly those undergoing surgery including ureteroscopy (**URS**) or shockwave lithotripsy (**SWL**).

- Patients who have URS or SWL as treatment for their kidney stone(s) are asked to complete a questionnaire before and after surgery.
- MUSIC ROCKS PRO's goal is to **optimize your recovery after surgery**.
- This information may also help to improve recovery and outcomes for future kidney stone patients undergoing URS or SWL.

Who participates in ROCKS PRO?

- Your physician encourages all patients undergoing a URS or SWL to complete the questionnaires.
- Your participation will allow for a better understanding of your symptoms and pain management and how this changes after surgery.
- Your information, without personal details (name, date of birth, etc.), will also help to improve the care of other men and women with kidney stones throughout the state of Michigan.

Will my doctor see my responses?

- **Yes**, the results of your questionnaire will be provided to your doctor who may use your responses to help improve your care and recovery after surgery.
- Your answers will remain **secure and confidential** between you and your doctor.

How do I participate?

After scheduling your surgery:

- Check your email for a message:

From:

administration@musicurology.com

Subject:

“A Message from Dr. *Your Surgeon's Name*.”

Prior to your surgery:

- Click on the [link](#) provided in the email to complete the questionnaire
- Answering all the questions will take approximately 10 minutes

After your surgery:

- You will receive your MUSIC PRO questionnaire at **7-10 days** and **4-6 weeks** following your surgery
