

**Tuesday, April 29, 2025**

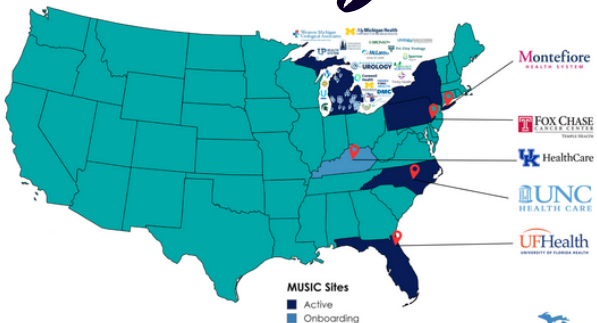

**9:30 - 11:30 AM**

**Casanova 505**

**Initial nonsurgical management for T1b renal masses: results from a statewide collaborative**

*Moderated Poster - Banna Hussain, MD, Henry Ford Health*

*Thank You*

**MUSIC extends our gratitude to the 70 authors involved in these works for their time, effort, and dedication to these projects. Their valuable contributions have played a crucial role in advancing our shared mission. Thank you, authors, for your hard work and for being an integral part of the MUSIC community.**
